

JOHNSON FARMS

Acer Specimen Collection

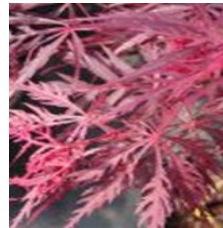

Acer palmatum dissectum
'Crimson Princess'- By mid-summer the leaves evolve to a green red. Fall color is orange.

Acer palmatum dissectum
'Lion Heart'- Leaves are a rich purple-red with brilliant red fall colour. This selection will top off at about 3 m.

Acer palmatum dissectum
'Crimson Queen'- Weeping shrub, deep purple in color

Acer palmatum dissectum
'Red Dragon' - Cherry red new color, maintains good color in heat.

Acer palmatum dissectum
'Garnet' - To bring out the red-orange color in the leaves, this maple will need some sun.

Acer palmatum dissectum
'Red Select' -Lace-like foliage that emerges light red in spring, matures to deep red-purple in summer.

Acer palmatum dissectum
'Green Hornet' -Attractive green foliage which emerges red in spring.

Acer palmatum dissectum
'Tamukeyama' - Grows in a lower, wide shape. Bright red foliage shows in the summer, turning into a deep scarlet this fall.

Acer palmatum dissectum
'Inaba Shidare' -A vigorous grower with deep maroon foliage and a cascading habit.

Acer palmatum dissectum
'Toyama Nishiki'- Spring leaves have cream and pink overtones. Fantastic fall colors of bright orange and red.

JOHNSON FARMS
